

THE HORROR AND HALLOWEEN WORKSHOP

With Mitch, Ash and Tash

Our most popular workshop of the year returns!

A full day of horror, creativity, character building and professional stage makeup — designed for young performers aged 6–18.

Led by the King of horror and ham himself, Artistic Director Mitch, alongside his flea-bitten sidekick Ash — who always has a story or two to tell.

This year we are joined once again by horror makeup expert Tash Power, who will transform students with her makeup skills.

WHAT THE DAY INCLUDES

- The origins of horror and Halloween
- Character creation and physical storytelling
- Devising mini horror plays
- Professional horror stage makeup
- Confidence building through performance

Students should come in clothes they don't mind tearing to shreds.

They'll go home looking like they've survived a zombie apocalypse.
